

HUMANITARIAN AID

REPORT BY CO «ICF
«COUNTRY INTENTION»»»

APRIL-MAY 2022

WHO WE ARE:

Every action begins with intention.

With the first days of war we faced with a number of problems where we felt the competence to find solution. Those problems were dealing with the necessity of covering the basic needs of IDPs, especially in the non-regional centers.

We saw how problematic were the moments of supply of some medical equipment and medicines, and decided to take in our hands those issues. The biggest thing we are proud of is that we help only those who have good reputation and are people of conscious (partners, donors, aid receivers).

CO "ICF "Country Intention"" aims to help in the development of flourishing country, even today in the state of war. Moreover tomorrow, when it stops.

Intention to find opportunities in difficulties, intention to grow, intention to win.

WE FOCUSED ON:

Help to IDPs – Pavlograd, Ugledar, Soledar, Kramatorsk, Zaporizhzhia, Mykolaiv, Kharkiv, Bucha, Popasna, Severodonetsk, Rubezhne – food and hygienic items, 2K+ kg in total
